- All Abilities choir
- Holiday concert/caroling Concert
- Cooking
- Sewing
- Social Club
- Self-care

Testimonials:

- My daughter's experience in the musical...How proud she was of herself.
- Aiming to give them the closest thing to a full/real/Broadway-like experience let them know they were capable and worthy of that quality of work and it paid off.
- We're deeply grateful for your dedication and outpouring of support for our son. We've never experienced anything like it. Seeing families who are a couple years ahead of us was encouraging to see as well.
- We are just blessed with the staff that has allowed our children to grow and to be themselves throughout this whole musical experience
- Opportunity to participate in classes where his disability "quirks" are recognized without making him feel ostracized or penalized.
  
- Had fun and learned how to play an instrument at the same time.
  
- Her excitement after drumming was amazing!!!
  
- Being with friends
  
- The sass class was also informative to me as a parent, hearing other parents' experiences and all the info Michelle/Jan gave us was very useful and pushed me to stop being so over protective of Katie (that was not easy to admit). Thank you for such a great program.
