

Finding Nemo Jr Audition Details

Audition Sign Ups: *This is just an RSVP to audition to be cast, but this is not the registration. Official registration (to include audition-tracks and non-audition tracks) will be dropping very soon! [Sign up to Audition Link](#)*

Our auditions are optional for cast members to be in our show, but required for all students who would like to try for a character with lines, singing solos, or a featured dancer! We highly recommend trying the audition, even if you aren't sure what you would like to be cast as, because it is a great accomplishment and experience. You never know what might happen! If you have any accommodation needs or need a monologue or dance modified please do not hesitate to reach out to Sarah at sarah.stepvainc@gmail.com.

The audition process is split into three parts: dance, monologues, and song. If you would like a character with lines/lead, we require all three audition sections. Students who would like a featured dancer have the option to attend just the group dance audition, but are encouraged to join the monologue and song portion too!

Audition Materials

1. **Dance:** At the in-person auditions, dancers will be in a group setting and learn the dance together. The video below gives you the choice to practice ahead of time, but is not required! Link: [Audition Dance -Nemo \(1\).mp4](#)
2. **Monologues:** Cast members can pick a couple characters that they would like to try. If you don't see a character you are hoping for, we recommend you try one similar in personality. Each character is split into two parts. This is helpful for those who may benefit from less lines, or who may want to try multiple characters out. If you are up for a challenge, you can do more than one part, but not expected! Please do not pick more than 5 characters out of respect for the time of other auditionees. Link: [Finding Nemo Audition Monologues](#)
3. **Song:** Future Cast members have the choice to sing a 60 second portion of:
 - a. A song they know well
 - b. A song from the Finding Nemo Jr soundtrack: [Songs Linked Here With Lyrics](#)
 - i. What we will need: Please include the title/version of your song in your audition sign up or let us know the title/version when you arrive to your audition (please note: if it is not a version that can be found on youtube, please email sarah.stepvainc@gmail.com with the track ahead of time). We will have a speaker there with mp3 & bluetooth options if you prefer to bring your own device.
